Shiptek Solutions Corp.

GRAPHIC DESIGNER & UI/UX DEVELOPER

2018-2019

Santa Rosa Municipal Office

ON THE JOB TRAINING

2018

I started as a **Graphic Designer** knowing just one simple application, Adobe Photoshop; and then I realized that technology never stops evolving, there's always something new everyday, and if I don't step up my game I will not be able to keep up.

So I started learning the basics on creating a marketing materials then animations using different softwares,

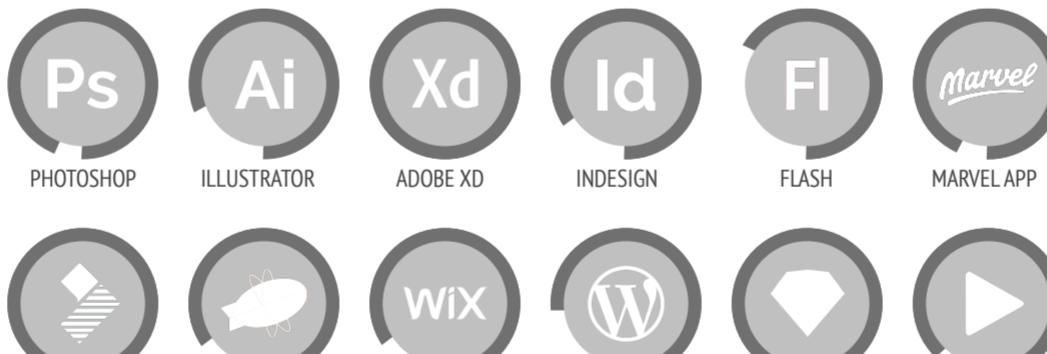

finding what's the best for each task, after some time, I'm creating website layouts and mobile application layouts; and now I'm a **UI/UX developer**.

I never imagine that I can do these kind of things and I enjoy being a UI/UX developer.

Creating a clean, elegant, user-friendly and of course responsive layouts is one of my passions today.
